

PWX Series parts washers are designed for cleaning small, complex components with highly pressurized water. Heated to help you do your dirty work.

**CUSTOMED
ENGINEERED
SOLUTIONS!**

Variable Speed wipers give you a clear view while pressure washing your part.

The optional loading cart makes your job easier to load and unload heavier parts, reducing worker fatigue.

Gloves to protect your hands from the high pressure and cleaning solution, while also providing a better grip on dirty greasy parts.
