FEATURES:

- Dual 10HP premium-efficiency TEFC super efficiency Baldor impeller motors standard
- Pneumatic cylinder kick out bar
- Cabinet lined with abrasive resistant material
- Door safety interlock
- Full load of shot included
- All components UL and/or CSA registered
- Shot indicating ammeters
- Air operated cylinder lift and cylinder ejector
- EPDM rubber door seal to contain abrasive
- Mechanical cycle timer

The LS TurboShot™ blast wheel distributes a high volumes of shot with a bi-directional blade at a medium velocity.

The lifter makes loading and unloading easier and reduces worker fatigue.

OPTIONS:

- Cylinder capacity 30" dia. x 70" l
- Manganese basket for small cylinders and caps
- Manganese basket for e-cylinders (up to six e-cylinders)
- Service package
- Fire Suppression
- Silencer
- Factory install (assisted)
- Urethane caps to protect valve
- Insection light
- Cylinder counter

Easy to use controls and adjustable cycle times does not require extensive training.
