

LS Industries PTB-500 is built to remove rust, dust, dirt, and other debris off 500 gallon cylinders.

FEATURES:

- Front load with forklift
- Roller wheels accommodates a variety of cylinders
- Swing out double doors
- Full load of steel shot abrasive included
- 0.25" manganese alloy steel wear plate on top
- Lined with 0.25" rubber on door, sides and non-direct areas

The rollers are adjustable to accommodate various different cylinder sizes.

Easy operation and adjustable cycle times don't require extensive training.

CATEGORY
